Consultation form

Consultation for all projects: list the groups that the local authority has consulted with and the date of the conversation. Local authorities are required to consult with parents and carers and should consult with other groups about how they plan to use their funding and set out information in the box below before they will receive their allocation.

Group	Date and method of discussion i.e. meeting or online consultation	Topic(s) of discussion	Outcome including any changes as a result of the consultation

Wiltshire Parent Carer Council	Workshops on the 1st, 4th and 5th of December 2017	Development of Special school provision	Focus on shared approach rather than individual schools
Schools (maintained, academy, special, primary and secondary)	Letter 16.6.2017 followed up by informal meetings as appropriate. Also included as an agenda item for Schools funding working group/Forum and discussed in SEN conferences November 2017.	Consideration of the use of capital grant.	Split of the funding between Resource bases and Special schools with focus towards special schools
Special schools	Included in discussions within on-going Special School Project group, bi-monthly meeting	The use of the grant within the project	We have an on-going programme which has a 5yr timetable which will eventually create 220 new special school places. This sum of money is no where near the millions required to create these places, but the programme team agreed through the consultation that this funding will be directed towards supporting short term solutions while longer term solutions are achieved and contributing to the capital required for longer term approaches achieved .
All stakeholders	Website, face to face meetings and videoa and written material. Paper and online survey	Pre-statutory consultation on creation of places for children/young people with SLD in the north of the county	Following a meeting in the Spring of 2018 we agreed to consult on the creation of new special schools places in the north. The consultation completed at the end of July. 850 replies were received which are now being processed which will contribute to the submission of specific proposals for further consultation in September 2018.
